

Toyah Wordsworth

I finished college in 2002 and wanted to gain employment.

I did volunteering at SYCIL and a member of staff researched Direct Payments for me.

I realized that I needed carers as there were things I couldn't do.

I became an employer of 6 Personal Assistants.

Pendrels Trust helped me through the process.

I have been able to go swimming, join a gym, have a social life and go to town and the cinema.
